Torque Wrench And Air Line Gauge Calibration Service Also Available

- We have teamed up with a local calibration company to offer the service in and around our depot areas
- Calibrations will take place on site & certificates issued
- A minimum of 3 wrench calibrations is required for a site visit
- Prices from £15.00 + vat per wrench
- Contact your local depot for more information or to arrange calibrations

Please note - wrench / gauge types, makes & models will be identified before a visit to ensure calibrations can be done on those particular manufacturers and correct pricing is quoted accordingly.
