

Autogem TPMS i-sensor Programming Tool Special Offer

Tyre pressure monitoring is now a mandatory fitment on all new cars. Vehicles fitted with this technology and first registered after January 1st 2012 also have these systems checked for correct function as part of their annual MOT.

tool
£399.00

+ vat

- The simplest & most efficient TPMS solution available
- Only one blank sensor replaces 114 out of 117 OE TPMS sensors. That's 97.4% coverage of today's vehicles using the universal i-sensor® system
- i-sensor tool gives accurate diagnosis of TPMS sensors, quickly and easily creates operational, duplicate sensors on demand
- OE approved

2018 - Special Introductory Offer

Buy 5 of each sensor (TPS03 & TPS01) @ £35.00 each and receive the i-sensor programming tool (TPT15) & hand tool kit (TPT14) FREE OF CHARGE
